

Date Meter Required: ____/____/____

CITY OF FAIRFIELD
WATER DIVISION
CONSTRUCTION WATER PERMIT

(Permittee)

is hereby authorized to connect to a City fire hydrant water meter located at

for the purpose of obtaining construction water for _____
(Project Name/Location/Description)

THIS AUTHORIZATION IS GRANTED SUBJECT TO THE FOLLOWING CONDITIONS:

- a. Water shall be loaded into the transporting vehicle through the top of the tank, maintaining an air gap to prevent backflow into the City water system.
- b. The City Water Division shall place the hydrant meter on the most appropriate hydrant in the vicinity of the work site.
- c. Only standard fire hydrant tools shall be used for operation of hydrant valves. Permittee will be billed for damage in event of misuse.
- d. Permittee is responsible to keep meter locked against unauthorized use.
- e. The current water rates that will apply for billing purposes are:
Daily water meter service charge of \$10.74 per day
Water volume charge of \$3.74 per 100 cubic feet
(Note: All rates and charges are subject to adjustment on January 1st of each year.)
- f. Permittee shall not remove or move meter. Permittee shall call the Water Division at **(707) 428-7407**, for this service. **It shall be the Permittee's responsibility to notify the Water Division as to the removal date of the water meter.** The Permittee shall be responsible for all charges incurred to that date.
- g. The undersigned Permittee agrees to comply with the Fairfield City Code, Chapter 22, the Fairfield Municipal Utilities Administrative Regulations, and all other applicable laws and regulations of the City of Fairfield. Said Permittee agrees to pay all incurred water meter service and volume charges, plus damages to hydrants as a result of these operations, if any.
